GEONAV 15 SUNSHINE

GEONAV 15 SUNSHINE is the new GEONAV monitor designed to display the video signal coming from any device compatible with svga, vga, XGA, PAL, SECAM, NTSC.

Equipped with a TFT 15" color LCD, sunlight visible, GEONAV 15 SUNSHINE guarantees perfect image quality under all environmental conditions, even under the sun.

Featuring elegant design, both flush and bracket mounting, GEONAV 15 SUNSHINE is the ideal solution for displaying images on all types of boats.

Your GEONAV 15 SUNSHINE is the ideal companion of GEONAV MULTY or your GEONAV 4C XS; in combination, they create an advanced electronic charting system. GEONAV 15 SUNSHINE can also be used together with any chart plotter featuring VGA output.

Moreover, its compatibility with PAL/NTSC standards makes it suitable for displaying images coming from video cameras, DVD, video recorders or digital cameras.

GEONAV 15 SUNSHINE belongs to the GEONAV product line and is guaranteed and supported worldwide by the GEONAV sales network.
