Communication nr. PR 05/2004

START OF VHF SALES

GEONAV is proud to announce the introduction of three VHF to our range of products:

POCKET 3200 is a portable VHF, using long lasting nickel batteries. Direct access to channel 16 and quick recall of previously memorised channels, it is easy to use and has immediate channel selection.

This model is available at 160 € (w/o VAT).

POCKET 4000 is our other portable VHF, splash proof and easy to use. This VHF uses long lasting nickel batteries and comes complete with a portable battery charger. Direct access to channel 16 and quick recall of previously memorised channels, it is easy to use and has immediate channel selection.

This model is available at 185 € (w/o VAT).

RO 4500 is our mounted VHF with automatic caller ID (DSC Digital Selective Calling). It is possible to communicate with several vessels at the same time. It also has an alarm button giving caller identification, type of alarm, position and time.

Emergency calls utilise NMEA data from the GPS mounted on board. Furthermore it has rapid access to channel 16 and total or partial channel scanning capabilities.

This model is available at 280€ (w/o VAT).
